

**Keeps contents in & contamination out**

## COTTON DRAWSTRING BAGS

The NOVA PolyBags™ are constructed with a durable soft cotton drawstring. PolyBags are easy to close and carry when carrying for a patient in a home care or hospital setting. Their lightweight construction makes it easy to hang on a patient's bedside or ventilator for easy access. Each bag has easy to read graphics with space provided to print for fast accurate patient identification.

- ▶ Cotton drawstring closes securely.
- ▶ Available in a variety of sizes.
- ▶ Gussetted, a third dimension for more room.
- ▶ High quality construction.
- ▶ Clear poly for easy viewing of contents.
- ▶ Pinhole vented reduces moisture and static.
- ▶ Non-printed utility bags help keep department organized, parts clean and dust free.
